

EZ Charities

Purpose

Become a real contributor to your community and support local and national charities by donating a percentage of your sales to customer selected (or default) charity organizations.

Charities can apply to your site to be listed. Customers can select from a list of charities and drill-down into a detailed profile page for each to get more information. Only approved charities are listed and visible by customers.

If a customer does not select a charity, a default can be used.

Under special circumstances (like disasters) an override charity can be identified that will force all order contributions to that charity while it is active. I.e. send to red-cross during a hurricane disaster.

Charity contributions are set by charity or at the system level (addon setting).

Features

- Default and user selectable charities
- System override for special occasions or disaster events
- Full accounting of commission earned, payouts and total paid by charity and by site
- Detailed order tracking for charity contributions.
- Payment accounting to track payments made to charities and charity earnings.
- Standard block to be used as banner if you so desire (Charities banner block).
- Output tracking and payment data to csv.
- Generous search capabilities to drill-down on tracking data.
- Standard SEO names:
 - /charities – list all active charities (see screen shot below)
 - /charities-request – charity request page (see screen shot below)
- SEO names for all charities are prefixed by charity-. (I.e./charity-red-cross.html.)

Installation

Installation is as automatic as possible.

A download link will be enabled following capture of your payment. You will be emailed with the link to download the archive. Upon receipt of your order we may contact you to verify the Domain Name you submitted with the order and to send you the license key. This addon is licensed software. Failure to enter the license key and/or if the key does not match the domain where the addon is being used will cause the addon to be disabled. Please contact us if you encounter any problems if you feel you've entered the license key correctly and the domain name is accurate.

Installation Steps

1. In V4 you can use the '+' icon to download and install the addon directly from your PC.
2. Click the settings icon beside the EZ Product Commissions addon and configure the settings you want. Be sure to enter the license key we sent you **exactly**. Then click Save.

This will kick-off the internal installation of the addon. You should see a green notification message indicating that several language variables were installed successfully. .

The installation is now complete.

Customization

You can enable/disable use of the default commission in the addon settings. Also, if no affiliate is set or the commission rate for the default commission is zero, the default will NOT be used.

Screen Shots

Supplied banner block for the front-end

The screenshot shows a website banner with a dark blue header containing navigation links: Electronics, Sports & Outdoors, Apparel, Music, Movies & TV, Video Games, and Office Supplies. The main banner area has a yellow background. On the left, there is an image of two stylized human figures holding hands. To the right of the image, the text reads: "We believe in giving. We currently support over 2 charities and have contributed more than **\$1,389.75** to charities so far..". Below this, it says: "If you would like to become a charity we support, please click [this link to go to our charities-request page](#)." Further down, it states: "If you order now, **2%** will be donated to the charity of your choice. Right now, the charity you would contribute to is **Sample Charity**. But once you login/register, you will be able to select one of your choosing." At the bottom, it says: "You can view the list of active charities we support by [clicking this link](#). If you would like us to support a charity that is not listed, please [contact us](#) to request your charity be added."

Colors, text size, etc. are all controlled by css located at design/themes/[your_theme]/css/addons/charities/charities_styles.css.

The manage page is very straight-forward and shows current charities, their commission earnings and links to other operations.

Our mission: To go where no man has...

What we do:
TIP Northwest offers several services in association with our national headquarters. All services are provided by trained and dedicated TIP volunteers. The information below provides a broad overview, while the links to the right provide more in depth overviews of TIP programs.

School Crisis Response Team
A trained team of TIP adult and teen volunteers is available to assist schools in dealing with a crisis. Volunteers receive additional training to work with school counseling staff and crisis response teams to provide support.

As a member of the **Clark County Safe and Civil Schools Task Force**, TIP has been asked to act as a notification agent to local schools when there has been a death of a student or staff member. TIP staff works with the **Clark County Medical Examiner** to provide timely and accurate information about the death and if requested, will partner with the school to develop a comprehensive response plan.

TIP Line
A telephone information and referral service is available to help emotionally traumatized citizens. In **Portland** call **503-250-7643** and in **Vancouver** call **360-944-8918**.

TIP National Emotional First Aid Course
This excellent 8-hour course is taught by one of two national "Master Trainers." This course is offered to emergency first responders, nurses, mental health professionals, chaplains, clergy, managers and the general public.
